me: holy shit, there are actually nice, positive comments on my column
me: I guess making it good this time paid off
BushwickBK.com: ah it's always good, maybe the haters are slumbering
me: also
me: this Asian chick I'm seeing
BushwickBK.com: yah
me: we're got our first team-up piece out in New York Press next week on how I pretend-raped her
me: anonymous, of course
me: anyway, she's a damned good writer
me: said I'd introduce you, so will send e-mail and CC her
BushwickBK.com: oh cool, she;s in the hood?
me: yep
BushwickBK.com: great
me: and we're going to get you some dining reviews in addition to my column
BushwickBK.com: cool
me: lol @ this fucking Nino guy
me: talking about the bees being gone due to illegal immigrant pot plants
me: as opposed to the MASSIVE AND POORLY UNDERSTOOD SYNDROME THAT IS KILLING A THIRD OF ALL BEES
BushwickBK.com: yes
BushwickBK.com: and he reiterates that yes, a couple pot plants can kill a whole region's bees
BushwickBK.com: he's braindead
BushwickBK.com: would love to meet him
BushwickBK.com: he's too fun to demolish, but Deigo says I have to behave and not engage him anymore :(
me: right
BushwickBK.com: being professional and whatnot
BushwickBK.com: and really, he is a disease that infects many perfectly nice articles
me: if only there were some sort of alternative to being progessional
me: ...
BushwickBK.com: surprised he hasn't shown up to say those japs deserved to be melted for 9/11
BushwickBK.com: well yes
me: well, they do
BushwickBK.com: but I also don't want to encourage him

me: how's traffic, relatively?
BushwickBK.com: good
BushwickBK.com: http://www.quantcast.com/bushwickbk.com
me: ah, the ol' 18-34
me: fuckin reddit has been fucked up all day
me: usually that's how I generate hits to True/Slant, where I get an extra $250 for 10,000 unique hits/month
me: craziness
BushwickBK.com: reddit is that good?
BushwickBK.com: I never use it
BushwickBK.com: wonder if I should start that bullshit with bbk
BushwickBK.com: I really would liek to keep it ocal but you knwo what
me: yes, you should
BushwickBK.com: these fucking advertisers only want to see numbers
BushwickBK.com: they don't wsnt to analyze numbers
me: there's a New York subreddit, man
BushwickBK.com: they just want NUMBERS
me: submit your couple best pieces each week to reddit
me: also, read reddit, it's among the better aggregators - trying to top it with Project PM but it's the standard at the moment
BushwickBK.com: yeah I wsh I had wo more seconds in my life to read something else
me: anyway, it won't be obsolete for a while
BushwickBK.com: I can ad it to my promotion shit tho
BushwickBK.com: just getting grip on fb and twitter now
BushwickBK.com: and it's worth it
me: absolutely
BushwickBK.com: nearly 1000 fucking people on the fb page
me: wow
BushwickBK.com: I post something, it goes right ot their home feeds
